

# The New Year

Prognostications for 1919 clearly indicate—

Peace and prosperity, sweeping from coast to coast of our great country.

The great victory of Right over Might will re-establish confidence in everyone's heart. In place of saving wisely, American people will now spend wisely.

The homeward-bound millions of war-weary soldiers and sailors will require suitable homes—homes they fought for and won.

Is your home in readiness to receive and welcome the boys? If in need of any new furnishings, you'll find them at our store. Here is where also the boys can get the complete outfit for their own "little home."
